Attn: Larry André  
United States Ambassador to Somalia.

Ref: SNAP • April 24 • 2021 • SAACS  
**Sensitive • Ref: LA • Amb • Som**

SAACS would like to congratulate you as the new appointed Ambassador to Somalia. On behalf of the people and the country of Somalia, we have been asked to address the need for a political change in the country.

At this time, SAACS represents the people of Somalia and Mr. Hussein Mohamed Farah Aidid who is currently in Mogadishu promoting his campaign and following the wish of the majority who claim that he will be the best new leader for the country and its citizens. SAACS has been working with Mr. Aidid since his tenure in Somalia in the mid-90's and through this date.

SAACS is the legal appointed company that is acting as Mr. Aidid's advisor, analyst, consultant, and campaign director and wishes to address the concerns that are currently taking place with the last administration whose time has legally expired as well for all members of the organization who have imposed an illegal act in hopes to continue in power and reckless behavior. Their lack of governance, respect for its people, promoting atrocities known world-wide, and total disregard for law and order has plagued Somalia and the neighboring countries which also express the need for an immediate overall change within its political structure.

The Joint Communique on April 10<sup>th</sup>, 2021, together with the AU, EU, IGAD, UN, and a forum of experts, expressed their concerns of the political stalemate which they referenced was stagnating the election process. This forum also displayed interest and the need to prioritize an immediate national and international awareness to ensure that no further compromise to the stability and security of Somalia continues.

Gen. Stephen J. Townsend stated that "the biggest impact to security in Somalia is not Al Shabab but the extraconstitutional and illegal term extension which has be forced upon the people and the country". He also expresses the devastation of what Farmaajo has done to hold on to power. These are some of the reasons why the Somali people are asking that an immediate new administration is put in place by following the format and protocol as requested by the people.

The people want a leader that has not been a part of the present and past corruptions which have brought this instability to the nation. SAACS on behalf of Mr. Hussein Mohamed Farah Aidid and the people of Somalia ask that he is considered as the best candidate. His military record as an American Citizen and Veteran Marine is impeccable. He is educated and well-liked by the people. We know that the neighboring countries as well as most international governmental entities know that he is trustworthy as an individual and a leader.

All we ask is that you put a moment of your time to this matter and provide Mr. Aidid and SAACS the opportunity which many provided Mr. Farmaajo and his administration which we all know what happened and where it led to. Mr. Aidid served the United States Marine Corp with Honors and when elected, will work together to build a strong nation, and fortify its boundaries by welcoming other nations who display a righteous, just, and fairness to the people of Somalia, their religious believes and growth as human beings.

We ask that serious consideration is applied to this request. All we ask is for a response upon receipt of this official letter. SAACS and the people of Somalia and the new projected leader of the country, Mr. Aidid truly need your full assistance, cooperation, and most of all to share the desire of what we can do together for Somali and its citizens.

The plan in place is possible by having most of the people and tribal leaders who believe that Mr. Aidid is the best and most competent person to hold this office/position.

SAACS HQ. Delaware, Miami, Florida, and Somalia

Cell: 1.305.322.8350

Your acceptance of his support and collaboration is all we ask. The candidates background and untarnished history is what makes him the perfect leader. He will unite most of the surrounding nations and make Somalia a prosperous nation. This can only be achieved by having the proper and full support of nations that understand that the new change will welcome those with equal, fairness, justice, security, stability, and complete citizen participation in all of Somalia's development.

SAACS awaits a response. We want to thank you for allowing us to address what we need and voice how we can help. We are positive that with your support and interest, Mr. Aidid and the people of Somalia will not disappoint those who show an interest in being a part of this great development in Somalia.
